Dear Friends,

On behalf of the Central Bucks Chamber of Commerce, we are pleased to present you with the 2017 Bucks Fever – A Celebration of the Arts brochure. Over three decades ago, Bucks Fever was conceived by Chamber members to “Support the Arts through Business.” What started as a small handful of arts events over a short period of time has grown to include 9 major Chamber arts events and well over 400 community wide celebrations of the arts over a 10-month period.

By uniting the business, arts and cultural community, the Chamber has synthesized the very best of Bucks County in order to increase tourism, augment the economic vitality of the region and celebrate the community’s rich, artistic and cultural heritage. Bucks Fever is solely supported by the business community and we thank all of the Benefactors and Patrons for their generous support. Their commitment enables us to give you this publication free of charge and to promote hundreds of arts and cultural events at no-cost to the host organizations. In addition, we distribute over 33,000 copies of this “in demand” publication to local businesses, individuals and tourists visiting Bucks County.

We invite you, and those you know, to “Celebrate the Arts” by participating in the many events throughout the Bucks Fever season. Your participation enables the Chamber and the many organizations promoted in this brochure to continue the rich artistic and cultural legacy in our community for many years to come!

A MESSAGE FROM UNIVEST

Join us in celebrating the arts in Bucks County!

Univest Corporation and its employees are proud to once again serve as the signature benefactor of the Central Bucks Chamber of Commerce’s Bucks Fever program. This year marks our 14th consecutive year as the lead sponsor of this unique, seven-month long celebration of Bucks County’s artistic and cultural heritage.

The arts have the power to inspire, educate and delight us, and they are important contributors to the livability and vibrancy of a community. Each year the Bucks Fever program highlights and promotes the tremendous diversity of artistic talent and opportunities that can be found in our area. The program serves as an important conduit between the arts, business and the public – and it stimulates economic growth, too.

At Univest, we believe our success is directly tied to the strength of our communities. As a result, each year, we make it a priority to give time, talent and financial support to help nonprofits, enhance arts and cultural experiences, and strengthen our local economy. In 2016, Univest and its employees volunteered more than 17,500 hours in the community and contributed more than $1.6 million. As a company, we are committed to local, committed to delivering comprehensive financial solutions, and committed to you!

Come out, get involved and enjoy Bucks County’s rich artistic and cultural heritage.

Glenn Harrington: Solo Exhibition — “My fascination with painting the figure in natural settings has never waned. ‘Red Shale Pool’ is the story of my son at a particular stage in his life and in our relationship. It’s a beautiful relationship; it is our story” Harrington’s natural landscapes show the range of his style: “Red Shale Pool” is dynamically painted, with bold and artificial blues and greens, while “Rocks” is naturalistic, balanced, and stoic. Describing “Red Shale Pool,” Harrington writes, “My high school English teacher emphasized the idea that our individual stories were worth writing about. It’s hard to understand that when you’re young and seemingly unimportant, yet as we gain worldly experience we realize how special our stories truly are.”

The 25th Annual Putnam County Spelling Bee: A Musical — conceived by Rebecca Feldman with music and lyrics by William Finn Based on a book by Rachel Sheinkin. An eclectic group of six mid-pubescents vie for the spelling championship of a lifetime. While candidly disclosing hilarious and touching stories from their home life, the tweens spell their way through a series of [potentially made-up] words hoping to never hear the soul-crushing, pout-inducing, life un-affirming “ding” of the bell that signals a spelling mistake. Six spellers enter; one speller leaves! At least the losers get a juice box.

Farm Fresh Film Series: Food Chains – Executive producer Eva Longoria reveals the human cost in our food supply and the complicity of large buyers of produce like fast food and supermarkets. The film outlines several programs that are trying to rectify this and bringing hope to our nation’s farm workers. Proceeds benefit the Doylestown Food Market.
